Subject: 47th Ward Donation

Hi Steve,

Dara Salk on our staff coordinates a 47th Ward Gardening group. A wholesale florist was doing some work and had 8 zz plants that he was going to throw away and thought our office could find homes for them. Dara accepted them and distributed them to 47th Ward residents who wanted an indoor plant. I have included her description of this below. If you have additional questions or need other documentation, please let me know.

Take Care,

Jim

From Dara:
1/15/13

Received from John Kerney, 2333 W. Cullom: 8, 8" potted ZZ Plants; \$10 each = \$80

He is wholesale florist. The plants were in a hotel and no longer needed them. If he hadn't given them to us, he would have thrown them away.
